

ABOUT US

The **Eurofoam Group** is the leading manufacturer of flexible polyurethane foam in Central and Eastern Europe; in 2019, it generated revenue of EUR 399 million. The Group has 2.317 employees working in 11 European countries.

Operating in two product areas, the Group provides **Comfort Foam** and **Technical Foam** to almost all areas of industry, supplied by a strong network of 36 production and converting plants. High quality comfort foam is primarily used in the bedding and furnishing industries, whilst special foams for technical applications are supplied to the automotive industry as well as to the construction industry, manufacturers of machines and sports equipment and the packaging industry.

Eurofoam was founded in 1992 as a 50/50 joint venture between the Austrian company Greiner AG and the Belgian company Recticel S.A. The Group is headquartered in Vienna, Austria.

In June 2020, Greiner took over the 50% share from Recticel, and Eurofoam is now 100% owned by Greiner.
